### Consider FASTING -

For those of you who feel lead – consider fasting as a part of this prayer time. You may want to fast for six hours, twelve hours, or even the entire thirty days. Your fast is how you feel the Lord is leading you (and always with the permission and review of your doctor). Some are using the guidelines generally referred to as the “Daniel” fast. Do this as a part of your worship to God – it is not a “diet” but a time of spiritual focusing. And if you don’t feel this is where God is leading, please know that your prayers are so very welcomed and appreciated. If you are going to “fast” for any time during this period, we’d love to know. Sign-up on the web or at the table in the hallway at SCBC indicating your commitment to pray and fast.

Thank you for being a part of this great event. Your prayers will provide the foundation and will make a difference between supreme success and something less. We are counting on you to bring FunShops and all that surrounds it before the throne of God during these 30 days of intense prayer. May you be blessed for the tremendous part you’ll play in these life-changing moments.
